

Rediweld Rubber & Plastics

Environmental Policy

This Policy applies to all activities undertaken by Rediweld Rubber & Plastics Ltd and impacts upon key suppliers and customers.

We aim to minimising the environmental impact of our operations. We will achieve this through our commitment to:

- Comply with all relevant environmental legislation.
- Review the environmental implications of all activities, and endeavour to reduce our overall environmental impact and prevent pollution using best practice.
- Involve employees in our environmental programme and provide necessary training to enable them to discharge their responsibilities.
- Sustain a programme of continual improvement in environmental performance incorporating suitable measurement and monitoring mechanisms.
- Engage in dialogue with key suppliers in order to encourage them in the development of environmental best practice.
- Improve energy and other resource efficiency and reduce waste through investment in equipment and using best practice.
- Use recycled materials in our products and make products recyclable, wherever possible.
- Recycle paper, packaging and other materials wherever possible.
- Provide suitable management structure with the Managing Director responsible for maintaining and annually reviewing the Environmental Policy.

Signed:

ROGER MARSH
Managing Director – Rediweld Rubber & Plastics Ltd
